

Dear California Department of Education,

I am pleased to hear that you are currently going to the process of updated your History and Social Sciences Framework. I work at an history museum in Orange County and recently partnered with Santa Ana Unified School District to develop a curriculum for our 4th grade students on California's First Constitution, a bilingual document. Attached is the lesson plan for the constitution. It was imperative to educate our students, a Hispanic majority, that their roots are deep in California's history. It would be imperative to teach our 4th grade students about this very important Constitutional Convention that took place in 1849.

Please connect with me if you have questions, thank you.

Best,

Kevin Cabrera
